

FEDERAL INQUIRY

INTO THE EVIL OF LYNCHING IS
DEMANDED.

MR. GALLINGER'S RESOLUTION
SUBJECT WARMLY DEBATED IN
THE SENATE.

A TEXAS SENATOR PROTESTS
THE DAY'S PROCEEDINGS IN
CONGRESS.

Washington, D. C., May 26.—Soon after the senate convened today Mr. Gallinger, of New Hampshire, offered a resolution providing that the judiciary committee of the senate should make an investigation into the subject of lynchings in the United States with a view of ascertaining whether there is any remedy for them.

Mr. Gallinger said he introduced the resolution in full view of the fact that he might be charged with precipitating a sectional controversy, but nothing was further from his thoughts.

He said lynchings were not confined to the south. Horrible cases had occurred in the north, and white men as well as black had been victims. Throughout the country intense interest was manifested in the subject. He thought it imperative that the judiciary committee should take some action upon the subject.

During the past ten years 2,635 lynchings had occurred in the United States. Of these 121 had occurred in the south and fourteen in the north, the remainder in other parts of the country. If the strong arm of the law could reach out to prevent such occurrences he deemed it desirable that it do so.

He had read the Associated Press account of the burning of a negro in Texas a few days ago. He said history did not furnish a more fiendish instance of mob wrath, and Fox's book of martyrs was tame in comparison. The whole wretched business, he said, was a disgrace to manhood and in the light of which the alleged atrocities in the Philippines paled into insignificance.

The Spanish inquisition did not furnish a case exceeding that one in inhumanity. He asserted that it would be said that the federal government was powerless and that the states had exclusive jurisdiction. If so, the American people desired to know it. Public sentiment should be aroused to prevent such inhuman atrocities.

Mr. Culberson, of Texas, presented and had read an account of a lynching in Kansas, saying that he wanted it shown that the crime of lynching was confined to no state or section. He said he hoped the New Hampshire senator would not single out his state when he wanted to bring such cases before the senate. After remarks by Mr. Hear upon the constitutional feature of the case the resolution went over.

The Philippine bill then was taken up and Mr. Patterson, of Colorado, made a speech in opposition to it. In beginning, Mr. Patterson read extracts from a report of a minister's meeting held recently in Boston in the course of which addresses, the ministers stated that the American flag has been disgraced in the Philippines by the commission of tragedies and horrors in the island, although no special attack was made upon the president and secretary of war.

Mr. Patterson referred to the editorials from the Denver News which Mr. Forsaker had read in the course of his speech. These editorials strongly urged the retention of the Philippine islands, advocated the government's policy as to the islands. Mr. Patterson said he was responsible for the utterances of the Denver News then and now. He said he was a type of hundreds of thousands of American people who had held views similar to those expressed in the Denver News editorials and subsequently had changed those views. Just prior to the ratification of the Paris treaty he had changed his opinion and since that time had advocated strenuously the independence of the Filipino people.

Castries, Island of St. Lucia, Sunday, May 25.—St. Pierre, Martinique, is no longer of interest, except to the scientists. Mount Pelee is still active, but all within range are dead or have fled. Fort De France is quieter after the large exodus of its inhabitants to neighboring colonies. The Martinique sufferers have sufficient food for the present.

The St. Vincent volcano, the Soufriere, is less active. The total loss of life as a result of its eruption is finally placed at 1,700, about the original estimate. The wounded and burned number 600. Many of those in the hospital cannot recover. More than 4,000 persons are destitute. They are receiving adequate relief. The material damage done in St. Vincent is principally to the plantations. Many of the sugar works may be restored. Sugar hogsheads are being dug out of the lava and ash heaps.

The lava stream passed behind Georgetown, which, with Chateau Reclair, was uninjured.

Former News Agent Pleads Guilty at
Indianapolis to Raising a
Money Order.

(Special to The Sentinel.) Indianapolis, May 26.—Leonard M'Clish, of Fort Wayne, in the United States district court here today entered a plea of guilty to the charge of raising a postoffice money order, and Judge John H. Baker sentenced him to two years in the Columbus, Ohio, penitentiary.

M'Clish, who is a hunchback, was formerly a news agent on the Lake Erie and Western railway, was arrested some months ago on a charge of having raised a postoffice money order from the amount of 50 cents to \$14.50. The order he afterwards tendered to May Covault, of Harrison street, in payment of a board bill. She presented it at the postoffice for payment, when the crime was discovered. In his preliminary examination M'Clish practically admitted his guilt.

MISSING MAN IS FOUND.

William H. McIlvaine, a plumber residing at No. 602 Ewing street, reported to the police as missing yesterday morning, has been found and returned to his family. He was found by Philip Federpiet, a farmer living near Gar creek, nine miles east of New Haven this morning. McIlvaine was wandering about acting strangely and when accosted by the farmer said he was going to attend a union meeting. Mr. Federpiet finally succeeded in having him tell his name and where he lived and he eventually agreed to come to town. He was taken to the police station from where Station Master Terry took him to his home. He insisted again that he was only going to a meeting of the plumbers union and didn't know what all the fuss was about. He was attired as when he left with nothing on but hat, shoes, undershirt and pantaloons. He is about 37 years of age, has been sick for several years, is now suffering from Bright's disease and has recently shown signs of dementia.

WRECKED HIS BICYCLE.

A lad named Saylor, residing on Broadway, collided with a city garbage cart at Main and Calhoun streets this morning, with the result that Saylor's bicycle was badly wrecked. The rider escaped with a few bruises.

CABINET MEETING MAY GIVE
IT OUT TOMORROW.

London, May 26.—Those persons expecting a definite announcement regarding peace in South Africa, on the resumption of parliament, this afternoon, were disappointed, as the government leader in the house of commons, A. J. Balfour, declined to "make any forecast," as to when the government would be able to make a statement. Better informed people did not anticipate that the government would be in a position today to give out anything of importance in this connection but possibly, after tomorrow's cabinet meeting, Mr. Balfour may be able to communicate the eagerly-awaited news.

Although Mr. Balfour declined to commit himself publicly, there is no doubt whatever in government circles that a definite proclamation of peace is only a question of hours.

It was reported in the lobbies of the house of commons today that the proclamation of peace may be followed by an abandonment of the tax on grain.

MURDERER IS CAPTURED.

Atlanta, Ga., May 26.—William Lee, aged 25, who shot and killed Miss Lilla Suttles, aged 18, in a church at Benhill, Ga., yesterday was captured today near Austelle, Ga., and placed in the Atlanta jail. He said he killed Miss Suttles because his love was unrequited. Lee and his victim belonged to two of the most prominent families in that region. The murder was prompted by jealousy on the part of Lee. He had been paying devoted attention to Miss Suttles and was resentful over the admiration she received from other suitors. She was unusually beautiful and accomplished and was the most popular member of society in the populous suburb of Atlanta.

WALLER AND DAY CASES.

The Commander of Marines in Samar

Reviewing Court.

Manila, May 26.—The official findings of the court martial which tried Major L. W. T. Waller and Lieut. John A. Day, of the marine corps, for executing natives on the island of Samar, without trial, have been made public. The reviewing authority of the court, Maj. Gen. Adna R. Chaffee, commander-in-chief of the American forces in the Philippines, has expressed disapproval of the court's findings in both cases.

Referring to the case of Major Waller, the reviewing authority says: "The sending of the natives in question to their death partook more of unlawful retaliation than a justifiable act of war. In justice to the American military service the findings of acquittal demand that they shall not meet with unqualified approval."

"The marines in Samar underwent great suffering before their rescue, and their officers, from their sick beds, voiced the revengeful anger of the men, who telephoned to Major Waller advising that the stevedores be killed. Major Waller received the message while he was sick, prostrate from a fever, suffering acute pain of body due to exposure and his exertions in behalf of his men, and mental anguish concerning their fate, which had long been in doubt. Major Waller was at the time in telephonic communication with General Smith, who commanded the American forces in Samar, but he deliberately chose not to consult General Smith regarding his contemplated action, and rather than forego the execution of his unrestrained will, he assumed the power the laws of war and the customs of the service confer upon commanding officers only in time of war."

Giving heed to the mental attitude of Major Waller, as much of the findings of the court as are to the effect that Major Waller is not guilty of murder are approved. But the re-

CINCINNATI ARRIVES.

Fort De France, Island of Martinique, May 25.—6 p. m.—The United States cruiser Cincinnati arrived here from St. Lucia yesterday. The steamer Luckenbach arrived this morning and left at once for Porto Rico. The steamer Fontabelle reached here at 9 o'clock this morning with 150 tons of supplies from the chamber of commerce of New York and other citizens. Among her passengers are W. H. Corwine, who was specially named by President Roosevelt as secretary of the various bodies of the United States contributing for the relief of the sufferers; Prof. Angelo Helms and other scientists. Mr. Corwine and Captain Scott, brother of Chief Officer Scott, of the Roraima, were presented to Governor L'Huerre and the French delegates today. The steamer Topaze has been placed at the disposal of Mr. Corwine to visit St. Vincent. Her cargo will be discharged Monday.

Captain Scott visited the survivors of the steamship Roraima at the hospital today.

Prof. Robert T. Hill, the eminent geologist, with his party, has chartered a steamer and is carefully studying the volcano from the sea. George Kennan, with a land party, is examining the northern part of the island.

Mont Pelee was fairly quiet yesterday, although there was a big eruption of ashes, which covered the extreme north of the island. The new crater is active.

Mr. Corwine has investigated the method employed in the distribution of supplies and has informed Governor L'Huerre that he considers it excellent. It is expected official notification will be issued that sufficient supplies have been received.

REFUGEES DESERT.

Most of the refugees who have come into Fort De France have deserted the town for points farther south, as terror still possesses all souls and Fort De France is believed to be doomed. All business is suspended as the amount of supplies received has killed sales.

The French delegates, Admiral Servan, and the citizens are unanimous in expressions of gratitude for the genuine friendship of the American people which has been manifested by the swiftness with which great quantities of supplies have been furnished and forwarded and the character of the delegates in charge of them.

Fort De France looks deserted. Nearly 2,000 persons have gone to the islands of Guadeloupe, Dominica and St. Lucia, and as many more are trying to get away. The simple object of all minds is to escape from the island.

The scientists are divided in opinion as to whether or not new and more violent outbursts are to be expected. A majority of them think volcanic energy will be displayed for a long time, but that no further loss of life will occur as there are no large places left to be destroyed and Fort De France, they say, is absolutely safe from any possible outburst of Mount Pelee.

TO LOS ANGELES

PRESBYTERIAN ASSEMBLY TO
MEET THERE.

SOUTHERNERS ARE BARRED
MINISTERS NOT TO BE RECEIVED
ON EQUAL TERMS.

PROPOSITION VOTED DOWN
ACTION AGAINST THE CHURCH
OF THE SOUTH.

New York, May 26.—The Presbyterian general assembly, at today's session, chose Los Angeles, Cal., as the place of next meeting. The moderator, Rev. Dr. Van Dyke, called the assembly to order at 9:35 o'clock. The attendance of commissioners at that time was good.

The general assembly acted adversely on an overture from the Presbytery of Los Angeles requesting that ministers coming from the Southern Presbyterian church be honorably retired with the same privileges as if they had served always with the church under the general assembly. The matter came before the assembly in a report from the committee on ministerial relief, which recommended adverse action.

Rev. Wm. A. Young, D. D., pastor of the Emanuel Presbyterian church, Los Angeles, advised that the assembly act favorably on the overture. In the west, he said, there were many ministers who had come from the southern branch, and that favorable action by the assembly would help to bring the two churches together.

PROPOSITION IS OPPOSED. Rev. Dr. Thomas Parry, of Wilkesburg, Pa., chairman of the committee, took the opposite view. He said it would open the door for ministers of other denominations to come to the Presbyterian church and claim the same privileges as the ministers who had served the general assembly all their lives.

Rev. Dr. Benjamin L. Agnew, of Philadelphia, corresponding secretary of the board of ministerial relief, spoke in the same vein. He said the result of granting the demand of the Presbytery of Los Angeles would be that many of the retired ministers who had always been with the Northern Presbyterian church, would have their already won allowances cut down.

"When the civil war was closed," he said, "I would have been willing to vote for the union of the two churches. But I am utterly opposed to holding out any money consideration to win them over. When they will come over to us on principle, they will have the same privileges as our members."

DEFEAT WOULD BE FORTUNATE. Rev. Dr. James D. McIlvaine, of Baltimore, said it would be unfortunate if the overture did not receive favorable action. "There is no difference with us between the church-north or south," he said.

When the question of selecting a meeting place was taken up, Rev. Dr. Henry C. Minton, former moderator, made a ten-minute address in favor of Los Angeles, Cal. He said Los Angeles had worked two years to get the assembly and should have it next year.

Rev. Dr. Richard S. Holmes, of Pittsburgh, pointed out that there was a great difference between the mileage for Cleveland and Los Angeles. "If you want to burden the membership for such a big sum as this difference would be, let the money go to some missions, or to pay off the debt on the Presbyterian building. We have no right to do a thing to favor any big corporation or railroad."

After transacting other business and finishing the matters before it, the general assembly adjourned sine die.

made man of wealth. When he retired a few years ago from the management of the great Gordon Iron works it was with the intention of traveling to regain his health. Hard work had worn him out. Some one mentioned LER-OUX'S BLOOD REMEDY to him. The rich man laughed scornfully. His friend persisted, and still laughing, he tried the medicine. "If you convince me," he said, "that this medicine is the great tonic and purifier you claim, I'll go back into the harness and make it famous." He was cured. So his word, and is devoting his life to the remedy that cured him, and is now president of the Leroux Medicine Co. As might be expected, he is a big, robust man, and is now 58 years old, he is a living advertisement for his own medicine. This wealthy man will take time to send you a personal letter if you will only ask him, and his company physician, Dr. Whitford, will give you case personal attention free of charge. Write today. Your druggist has Leroux's Blood Remedy. Mr. Gordon says positively that he can cure the worst cases of Rheumatism, Gout, Gravel, Eczema, Scrofula, Blood Poison, or any ailment arising from impure blood, even including Cancer.

DAMAGE CASE IS AGAIN UP

SUIT AGAINST DRUGGIST BEVERFORDEN ON TRIAL.

Ernest Meyer Alleges His Wife's Death was Caused by Mistake of a Clerk—The Courts.

The case of Ernest Meyer vs. H. F. Beverforden for \$5,000 damages is on trial in the superior court before a jury. The case was tried some months ago and resulted in a disagreement of the jury. The circumstances leading up to the trial are familiar to most readers of the Sentinel and the complaint alleges that H. F. Beverforden is a druggist doing business on Calhoun street and that on May 24, 1901, he had in his employ a clerk named Benninghoff who was incompetent, had no knowledge of pharmacy and not even a good common school education; that on said day a son of the plaintiff went to said store to purchase carbolic cotton for his mother who was suffering with a sore foot and that instead of carbolic cotton, cotton saturated with pure carbolic acid was given him; that the cotton was applied to the sore occasioning blood poisoning; that some days later the patient's toes were amputated; that later the foot was amputated but that the poison was so deeply rooted that the patient died June 24.

The suit is a result of a transaction between the parties relating to the sale of Utility paper stock owned by the plaintiff and sold by the defendant and involves a note given by the plaintiff upon which the defendant was endorser. Plaintiff claims a balance resulting from the sale of the stock above the value of the note.

The will of John C. Kessell was probated today. The testator bequeathed to his wife all his personal property except a gold watch and gives her a life tenure on his real estate. At her death the property is to be equally divided among his four children.

A motion for a new trial has been made in the case of Bleckman vs. Kantoo.

Judge O'Rourke adjourned court at noon today and this afternoon left for Indianapolis, to be absent several days in attendance upon the meeting of the grand lodge of Masons.

The Sentinel erred on Saturday in stating that Judge O'Rourke had overruled the demurrers in the Southwestern Traction company injunction cases. Judge O'Rourke heard the arguments on the demurrers, but made no ruling.

REV. DR. BARROWS VERY ILL.

Oberlin, Ohio, May 26.—President John Henry Barrows, D. D., of Oberlin college, is dangerously ill with pleuro-pneumonia at his home here. Dr. Cushing, of Cleveland, is here in consultation with Drs. Jamison and Browning, of Oberlin, and the gravest fears are expressed as to the outcome. President Barrows was lecturing in the east and left New York for Oberlin in perfect health Friday evening. He caught cold on the sleeper and reached here Saturday noon in the greatest distress. He was much worse last evening and failed some during the night.

HONORED BY THE KAISER.

Washington, May 26.—It is stated on authority that Generals Corbin, Young and Wood have been formally invited by Emperor William to attend as his personal guests, the German military maneuvers next fall. The first overtures in that direction were made by General Von Plessen, at the instance of Prince Henry, during his recent American visit, but they have since been extended in regular form and they will be accepted by the three generals.

IN JUSTICES' COURTS.

The colored population of Chicago street is again in the throes of a social revolution and as a result five affidavits have been filed in Huser's court and the court room this afternoon looks somewhat like a Georgia camp meeting. Nobody seems to know just how the trouble started, and nobody knows just when it will stop. Laura Cobb, Anna Jones and a party named Green, first name unknown, are each charged with pro-

voking Nettle Hughes. Albert Mitchell is charged with assaulting Michael Hughes and is also charged with provoking Michael Hughes. Michael died all the affidavits. Frank Small hit Saul Weisner with a brick, and hit him hard. Thereupon Weisner hid him to Tancery's court to have Small put under surety bonds. Both men live in the country and when the constable reached Small's home he had departed for parts unknown, which is as good as a peace bond. As long as he keeps out of sight Mr. Weisner need have no further fear.

Frank Gifford, a spectacle dealer and letter, prepared a pair of glasses for Floasie Albers, charging \$8 for them, of which amount Floasie's mother paid \$4, agreeing to pay the balance this week. Yesterday Floasie alleges that while she was on her way to Sunday school Gifford met her and took the glasses away from her on the street, and to answer this charge Gifford was cited to appear in France's court this afternoon.

VIEW NIAGARA'S GRANDEUR.

Niagara Falls, N. Y., May 26.—The members of the French mission who participated in the ceremonies incident to the unveiling of the statue of Count de Rochambeau at Washington, arrived at Niagara Falls this morning. Besides the members of the mission and the families of Lafayette and Rochambeau, there are in the party Ambassador Cambon, Mme. Cambon and members of the staff of the French embassy, and the president's commission. Carriages were waiting the arrival of the train and ten minutes after it reached here the members of the party started for a carriage drive to the points of interest about the falls. The sun shone brightly and the cataraict was seen to the best advantage. All the members of the party thoroughly enjoyed the scenery.

OCCASION TO BE MEMORABLE

GREAT FUNERAL PLANNED FOR LORD PAUNCEFOTE.

All the Military and Naval Forces Available in Washington to Take Part.

Washington, May 26.—It is evident from the preparations so far made that the funeral of the late Lord Pauncefote will be conducted with great dignity and will be made a memorable occasion. All of the available military and naval forces in Washington and vicinity will take part in the procession. The services at St. John's church will be conducted by Coadjutor Bishop Mackay-Smith, though Bishop Batterlee will attend. Owing to the small size of the church it will be necessary to restrict the admissions, which will be by card alone. Officially, the attendance will be confined to the president and his cabinet, the diplomatic body, the supreme court, the members of the senate committee on foreign relations and the house committee on foreign affairs, Admiral Dewey and General Miles and their staffs, the bureau chiefs of the state department and the assistant secretaries from the other departments.

It is pretty well settled that the remains of the late Lord Pauncefote will be carried to England on an American war vessel and either the Olympia, flagship of the North Atlantic squadron, and Dewey's flagship at Manila, or the Brooklyn, Admiral Schley's flagship at Santiago bay, which is just returning from Cuba, will be selected for this duty.

The date of departure will depend upon the convenience of the Pauncefote family, but it is certain that the

casket cannot be landed on English soil before the conclusion of the coronation ceremonies.

TOLSTOI'S CONDITION.

London, May 26.—A telegram, dated yesterday evening, received here today from Yalta, Crimea, says that no complications have arisen in the condition of Count Tolstol, who is suffering from typhoid fever, and that the general state of his health is satisfactory.

BIG STRIKE IN DENVER.

Denver, Col., May 26.—Five thousand union men employed in the building trades went on strike today, causing practically a total stoppage of building operations in this city. The strike was inaugurated by order of the building trades council for the purpose of aiding the woodworkers in their efforts to secure an eight-hour day. The woodworkers have

been on strike for the past two weeks. Their demand for an eight-hour day was rejected at the smaller mills, but the owners of the large mills insisted on nine hours' work a day.

PENSION FRAUD ARRESTED.

New York, May 26.—Samuel F. Holman, a negro, 30 years old, was arrested here today by a United States marshal on a charge that he had falsely certified as notary public to pension affidavits in Savannah, Ga. The arrest was made on complaint of the superintendent of the bureau of pensions, who alleged that pension claims were made out in false names and that Holman certified them, knowing them to be false. Holman said he would go to Georgia without extradition proceedings.

Mr. J. F. Winbush and Mrs. O. Welsh and daughter, Helen, returned Saturday from a visit at Butler, Ind., and Edgerton, Ohio.

Kodol

Digests what you Eat

Dyspepsia Cure

If you have indigestion don't resort to stimulants to force your stomach beyond its strength. It is only because it is weak and tired that it fails to perform its task. A stimulant may lend false strength for a time but the very violence of the effort the abused organ will make weakens it more than ever. With the reaction following the use of the stimulant will consequently come keener suffering than before. Nor will the stomach respond readily to the next treatment of a similar character. With each repetition conditions will be worse than before. What the stomach wants is rest. Kodol Dyspepsia Cure will furnish such a rest. It digests what you eat. All other preparations lack one or more of the natural digestants. Consequently they can't effect a complete cure. Kodol Dyspepsia Cure contains them all. It acts just as the stomach acts. While it does the stomach's work the stomach is obtaining the rest which it needs to restore it to a healthy condition. "I used to suffer so from indigestion that even a soda cracker or glass of water would cause agony," says H. L. Wharton, New Bedford, N. C. "I commenced using Kodol Dyspepsia Cure and it soon cured me." Weak and sickly children thrive on it.

HIGH SCHOOL CONCERT.

The pupils of the high school will give a grand concert in the Masonic temple next Friday evening and the entertainment will be one of the best ever given by the young people of that notable seat of learning. The program has been most carefully prepared by Prof. Wm. Miles and judging of the work at the rehearsal, the concert will be of a high order of merit. The double quartet of the First Presbyterian church, Harry Ross, violinist, and F. E. Stouder, will assist. The program is as follows:

Triumphal Chorus from Tannhauser..... Wagner

Soldiers Chorus from Faust..... Gounod

High School Chorus.

Selection—"Teasing on the Old Camp Ground"..... By Johnson

Haydn Quartet.

Male Chorus—"Hark the Merry Drum"..... Kruger

A dance and piano party will be given this evening by Olive No. 6, L. O. T. M. in the Mulqueen academy this evening.

COLLEGE COMPLEXIONS.

Can be Ruined by Coffee.

Nothing so surely marks a woman's complexion as coffee drinking. A young college girl of Hyattsville, Md., says: "I never drank coffee up to the time I went to college, and as long as you are not going to publish my name will admit that I was proud of my pink and white complexion, but for some reason I began drinking coffee at school and when vacation came I looked like a wreck. Was extremely nervous and my face hollow and sallow. All my friends said college life had been too much for me. After questioning me about my diet mother gave me a cup of strong, rich coffee at breakfast although formerly she had objected to the habit, but the secret came out in a few weeks when everybody began to comment on my improved looks and spirits. She said she had been steadily giving me Postum Food Coffee and I did not know it. My color came back, much to my delight and I was fully restored to health. I will return to college without the slightest fear of losing ground for I know exactly where the trouble lies. Mother says the first time she had Postum made me one would drink it for it was pale and watery, but the next day she did not trust to the cook but examined the directions and made it herself. She found the cook had just let it come to the boiling point and then served it, and it was tasteless, but the beverage made according to directions, by proper boiling, is delicious and has a remarkable 'taste for more.' One cup is seldom enough for father now. I have a young lady friend who suffered several years from neuralgia and headache, obtaining only temporary relief from medicine. Her sister finally persuaded her to leave off coffee and use Postum. She is now very pronounced in her views as to coffee. Says it was the one thing responsible for her condition, for she is now well and the headaches and neuralgia are things of the past. Please do not publish my name." Name can be given by Postum Co., Battle Creek, Mich.

Lost Hair

It's risky, this losing of the hair. You may not get it back again. When the hair first begins to fall out use Ayer's Hair Vigor. It will stop the falling and will make new hair come in. And it always restores color to gray hair.

"My hair came out badly and was fast turning gray. I tried Ayer's Hair Vigor. It stopped my hair from coming out and completely restored the color." Mrs. M. D. Gray, North Salem, Mass. At all druggists. J. C. Ayer & Co., Lowell, Mass.

WAS A GREAT SUCCESS.

The opening of the Blue Lake summer resort Saturday and Sunday was an event of unusual interest and several hundred people from this city were in attendance. The resort is conducted by Mr. and Mrs. F. P. Closs, formerly of this city, who assumed charge early in April. Mr. Closs arranged a fine program for the two days. Mr. Closs has made many improvements on his place.

REV. N. CARR'S SERMON.

Rev. N. Carr, secretary of the Baptist college at Franklin, Ind., occupied the pulpit at the First Baptist church on Sunday morning in the absence of Rev. Field. Rev. Carr has a fine delivery and the large congregation listened to a sermon of unusual interest.

Mothers, be sure and use Mrs. Winslow's Soothing Syrup for your children while cutting teeth. It is the best remedy of all. my8-eod-11

The peace prospect in South Africa has become really promising, and it is hardly to be doubted that in a few weeks at most the end of the long and bloody war will be officially announced.

A volcano is reported in a mild state of eruption in northern Wisconsin and another is announced as resuming business in Oklahoma. These, with the one from South Carolina, make three in the United States, only one of which was previously known to be a volcano.

General Chaffee has disapproved the finding of the court martial which acquitted Major Waller, the officer of marines who was charged with and admitted executing native prisoners without trial in the island of Samar. Now, will the organs that insist that whatever is in the Philippines is right, turn on General Chaffee?

Hon. Tom L. Johnson, mayor of Cleveland, and Hon. William J. Bryan met for conference in Chicago, Sunday, and then proceeded together for Mr. Bryan's home in Lincoln. Much speculation is aroused and the general opinion that Mr. Bryan has an eye on the Cleveland mayor and great single taxer as a proper and available man upon whom the robes of succession to democratic leadership in the next campaign may descend. At all events, Tom Johnson is

very much Mr. Bryan's kind of democrat and in addition to great personal popularity he has the advantage or disadvantage, according as you may look at it politically, of being very wealthy. News of moment should be born in Lincoln within the next twenty-four hours.

With all franchises at present held by the Fort Wayne Traction company perpetual and those proposed running for forty years, it will not cut much figure who owns the system; the people will get only what the corporation chooses to give. It is preposterous to suppose that a period of forty years is not going to develop some economies in traction operation of which the public is entitled to share in the benefits, and the time to secure such rights is now.

Providence has somewhat mitigated the blunders of last year's delay in getting ready to furnish the people of this city with plenty of water in hot weather. But frequent and copious showers will not always come when most needed and everything that can be done to give assurance of plenty of water in midsummer should be done, whatever the cost. There are two conditions of the public water supply upon which the people rightfully insist, and they are, that the water be pure and that it be abundant. No solution of the question that is not absolute as to the maintenance of these conditions will be satisfactory. It will not be a great while until there will be exact knowledge whether or not the preparations already made for increasing the water supply are adequate. If they shall be found insufficient, then there should be no loss of time determining what further is necessary and then do it. Meanwhile, doubtless everyone can contribute something to the general improvement of the situation by practicing a little economy, though the consumers are not much to be blamed for having little patience with this frequent admonition.

ARRANGING FOR ROAD RACE.

Arrangements for the Decoration day road race to be given by A. L. Randall are about complete and all that remains to be done is to arrange the handicaps. There is a large number of entries and some of the best riders in the city are to compete. Mr. Randall has appointed the following judges: C. J. McClain, Harry Pickard and Will Pelletier. John Douglas, J. W. McCausland, R. S. Viberg, Barton Long and Harry Darts will be timers. The following prizes will be offered: First place prize, \$35 Yale bicycle; second place prize, \$10 fishing tackle outfit; third place prize, \$6 pair Ohio tires; fourth place prize, \$2.50 Twentieth Century gas lamp; first time prize, \$15 Columbian phonograph; second time prize, \$6 sweater; third time prize, \$2.50 racing suit.

COMMITTEE APPOINTED.

At a meeting of Firemen's union No. 40 Saturday evening a committee, consisting of J. C. Mitchell, chairman; Ray Seymour, George Miller, William Koenig, George Shust and James Riley, was appointed to arrange for the entertainment of delegates to the convention of the International Association of Stationary Firemen, to be held here beginning October 6. It is expected that nearly two hundred delegates will be in attendance.

WILL MAKE FAST TIME.

(Huntington Democrat.) Beginning Sunday the Fort Wayne and Southwestern Traction company will make the trip between this city and Fort Wayne in one hour. This will be necessary on account of running cars to Andrews. No extra cars will be put on and the three cars now in use will, it is thought, do all work satisfactorily. Heretofore they have made the trip in about one hour and fifteen minutes.

BUSY HOUR IN POLICE COURT

NUMEROUS OFFENDERS FACE THE JUDGE.

Most of Them Were Drunks Kept Over From Saturday—Wife De-seiter Promises Reformation.

A pretty fair Monday morning crowd greeted Judge Dreihelb this morning and with one exception all were arraigned for drunkenness and all but one were picked up on Saturday and Sunday night. One fellow carried his jug over until yesterday in the hope that he might lose it or wear it out but it wouldn't work. Joseph Wendelen was one of the most fortunate of the offenders. He had an enormous package aboard and finally had to get the aid of a policeman to get it to the police station. It was his first appearance at police court and it was shown that he is a hardworking young fellow of generally good habits, whereupon the judge at the intercession of the young man's mother continued his case indefinitely and allowed him to go upon his own recognizance. Mill Johnson was less fortunate. He had one of the same kind of jugs but there were no mitigating circumstances in his case so he was sent over for the customary 11 days.

John Wilson, a gentleman of color, was partly overboarded but the charge against him was profanity, with which he seemed to be overboarded when Officer Pageler picked him up. He was prepared to plead not guilty to drunkenness but acknowledged that he had been profane. He got \$1 and costs and went over.

The next man to bat was one of the unfortunate Smith family. This was John H. Smith. John H. is an old man of probably 65, wears long white whiskers, attics and a linen coat; also some other clothes. He is as blind as the proverbial bat and makes a living and money to buy booze by selling horse medicine and lead pencils and hopes some day to add plows and cheese to his repertoire. He was found drunk on Columbus street and after falling down several times on the boy who was leading him he was taken into camp. The judge asked him whether he thought he could get out of town in two hours if his case was continued and he said he could if he could get a boy to lead him to the Lake Erie depot and there was a train within that time; he said he had transportation south on that road and showed it. He was allowed a respite until the first train.

William H. Bowman who was arrested last Saturday, pleaded guilty to having deserted his family. He said that he had been out of work for a long time and this spring when he secured a job he was beaten out of his pay. He now had a good job and was willing to do anything that was right and that he expected some money in a few days and would be ready to go to housekeeping within a week. His wife and children were in court and the wife told the humane officer that she had had a talk with her husband in jail yesterday and that they had settled their differences and she hoped that he would be given another chance. After hearing the statement the judge said he would continue the case but that if he did not provide for his family as he should and could he would be taken up on the same old charge and would be given the limit of the law. The man then left the court room with his wife.

HAS CONFIDENCE IN COURTS.

St. Louis, Mo., May 26.—James J. Hill, president of the Northern Securities company, who has been inspecting the Burlington terminals here, left today for St. Paul. With reference to the Wall street report that efforts were being made looking to a compromise of the so-called merger suit, Mr. Hill said: "There is nothing whatever in that. We are content to leave the matter for the courts to decide. We have confidence in the courts and are satisfied that the case will be fairly decided. We own the property and no one can take it from us."

WATER SITUATION BETTER

RESERVOIR WAS FILLED THIS MORNING.

Board Thinks Economy Will Ward Off Trouble—Council Committee Goes Over Field.

The water situation today is better than it has been at any time since the famine was threatened, and the waterworks department thinks that if the public bears in mind the condition existing last week can easily be brought about again by the least extravagance and will use water with close economy, there need be no apprehension for an immediate recurrence. The reservoir this morning was full to the top, the pumps having gained seventeen feet since Saturday night.

Yesterday the special committee appointed at the special council meeting last week, accompanied by Mayor Berghoff, Trustee Singleton and Chief Engineer Baxter, went over the whole well and pumping system, visiting both fields and all the stations. They found Contractor Derheimer working under great difficulties at No. 2 field, being greatly hampered by the treacherous condition of the soil. There is no question, however, that within six weeks all the wells will be ready for connection. At No. 1 house the local work will be completed before the compressor plant is ready to be installed, and at No. 2 station the foundations have for some time been ready for the big pump when it comes, the date of which is still a deep mystery. The only thing the committee can do to relieve the occasion is to give the people good advice and recommend economy.

In the afternoon Mayor Berghoff and Max Hoffman went over the field and made some individual explorations. Mr. Hoffman, then whom there is no better qualified adviser on such matters in the state, said that he believed good results might be brought about by "shooting" one of the wells recently completed. He said that the proper way to have secured results was while the wells were being drilled. When the first water-producing fissure was struck the well should have been shot at that point, and then the drillings should have proceeded until another vein was struck, and then the operation should have been repeated, and so on until the present depth was reached, when a final blast should have been put in. He said further that he believed there might be a good field right in the river. Piling could be driven there upon which to erect a derrick, a cofferdam could be built and water reached just as easily as on dry land and without any danger of seepage from the river. The mayor was much impressed with Mr. Hoffman's ideas. He continues to hold to his opinion, though, that there is altogether too much water waste and that it would be a very profitable thing for the waterworks department to do to employ two inspectors to make continuous visits about the city and inspect taps. He believes that such an inspection would save many thousands of gallons daily and do much to prevent a famine pending the placing of the new machinery.

Mrs. Henry Smith, of 412 West Wald street, will entertain the Cheerful Aid society Tuesday afternoon from 2 to 5 o'clock.

ELMER LEONARD A BENEDICT

WAS WEDDED THURSDAY TO MRS. ROSE E. WHITING.

Ceremony was Performed at Muncie and Couple Returned to Fort Wayne Sunday.

Elmer Leonard, one of the best known Fort Wayne attorneys, member of the republican state central committee and the acknowledged leader of his party in the Twelfth district, has quietly perpetrated a pleasant surprise upon his countless friends. Mr. Leonard was married several days ago, but the fact did not leak out until Sunday morning, when he and his bride returned to Fort Wayne.

The marriage occurred at Muncie Thursday afternoon at 2 o'clock, when Rev. H. M. Lamport, formerly pastor of the Wayne street M. E. church, in this city, performed the ceremony which united Mr. Leonard and Mrs. Rose E. Whiting, of this city. Bride and groom at once left on a brief wedding tour, necessarily short for the reason that Mr. Leonard had a number of matters in court which required his presence in Fort Wayne this morning.

That the wedding was the culmination of a neatly prepared surprise will in no wise lessen the hearty tenor of the congratulations which will be extended to both Mr. and Mrs. Leonard. The groom left the city Wednesday night, and was joined at Muncie the following day by his intended. So cleverly was the surprise planned that even the closest friends of both bride and groom were unaware of their plans until the ceremony had been performed. Mr. and Mrs. Leonard will for the present reside at the bride's home, 544 East Wayne street.

SUNDAY SCHOOL CONVENTION.

The township convention of St. Joe township was held yesterday in St. Joe chapel and was well attended. A fine program of music and addresses was carried out, a feature of the afternoon session being a short talk by Levi Binkley, president of the Whitley county Sunday school association. At the close of the meeting the following officers were elected: President, S. H. Davis; vice president, O. Elson; superintendent of home class department, T. H. Ashley; treasurer, O. C. Smith; secretary, Miss Beaulieu Blume; superintendent of primary department, Miss Alice Douglass.

THINK HAWKINS WILL WIN.

Washington, May 26.—It is the deliberate judgment of the Indiana republicans here that Roscoe O. The date of the nomination is yet a matter of surmise, but there seems to be a settled impression in Indiana circles that when the choice is made Mr. Hawkins will be the man. From the expressions heard the nomination will be a popular one.

OLD PEOPLE

Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandiose may be as bright and the complexion as fair as any of his younger and more vigorous companions.

Good Blood is the secret of healthy old age, for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

S. S. S. being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S. will search it out and remove every vestige of it from the system.

MEMORIAL DAY.....

The celebration of this day has become general and has assumed a special and beautiful character. Over seventy millions of people will unite in paying the tributes of a nation's gratitude to its heroes. In every heart is charity and kindness; in every thought admiration; on every tongue only true praise for the boys of our late wars as well as the boys of forty years ago who were willing to lay down their lives for the Stars and Stripes we all love. Until the Spanish-American war we were shadowed by a "north" and a "south." Now we have only a Grand and Glorious United States. Let us all celebrate next Friday. We are headquarters for Navy Blue Suits and G. A. R. Hats. We sell the best "Slater" Suit with fine tailor work and two sets of buttons for \$9.00—all sizes.

LIVE IN MEMORY

TRIBUTE TO SOLDIERS, LIVING
AND DEAD.

VALOR IS NOT FORGOTTEN

ANNUAL MEMORIAL SERVICE
IN FORT WAYNE.

GREAT PROGRAM AT TEMPLE

SOLDIERS HEAR SERMON AT
BERRY STREET CHURCH.

Masonic Temple was completely
filled Sunday afternoon by a patri-
otic audience that gathered to honor
the living veterans and to pay a
tribute of loving gratitude to the sol-
dier dead. It was Memorial Sunday,
and throughout the service was
plainly manifested the abiding spirit
of reverence and honor for the pa-
triotism and the valor of the nation's
citizen soldiery.

The stage had been prettily de-
corated by John A. Scott, flags and
bunting in artistic drapings sur-
rounding a bust of Lincoln and por-
traits of the late President McKin-
ley and famous generals of the civil
war. The service was under the aus-
pices of Capt. James B. White camp,
Sons of Veterans, and I. M. Medaker
was president of the day. Seated
upon the stage with him were the

speakers of the afternoon and well-
known members of the local veter-
ans' organizations, while a large
delegation from the Grand Army
posts occupied places in the parquet.
Following the introductory remarks
of the president the audience united
in singing "America." Rev. A. K.
Zartman read a portion of scripture,
Rev. E. W. Allen invoked divine fa-
vor upon the occasion and the Em-
erson male quartet rendered the "Mem-
orial song."

AFTER STRIFE, FORGIVENESS.

Rev. J. A. P. McGaw was the first
speaker of the afternoon, his theme
being, "The Strife Was Bitter, But
Let Us Forgive." Dr. McGaw out-
lined briefly the conditions which ex-
isted at the beginning of the war,
told of the widely different doctrines
held by the people of the north from
those of the south. In part he said:
"Strife between these nearly re-
lated is proverbially bitter. The
strife between the north and south
was a strife between people of the
same blood. The bitterness was
shown in part by the way the two
parties to the long conflict were in
the habit of speaking of each other.
We of the north always spoke of the
southerners during the war as rebels,
never as confederates. They called
our soldiers Yanks and Lincoln hire-
lings, and similar pet names. We
called their president Jeff Davis, and
promised, if ever we got our hands
on him to hang him to a sour apple
tree. They called the president of
the United States, Abe Lincoln, and
denounced the most tender-hearted
man that ever sat in the presidential
chair as a bloodthirsty tyrant.

"We can afford to be magnani-
mous. The north won everything it
fought for; the south lost everything
for which it was battling. We have
the easier task in the matter of for-
giveness. Let all sectional lines and
differences be wiped out. Let us get
closer together. Let that spirit of
patience and forbearance that was
so characteristic of our martyred
president take possession of the
hearts of all the people, and we may
rest in the assurance that never
again shall the bitterness of frat-
ernal strife disturb the nation's
peace."

ARE NOT FORGOTTEN.

Rev. L. J. Mutschman, in recalling
the patriotic services of the soldiers,
maintained that the memory of their
valor and their patriotism was secure
in the memory of the American peo-
ple for all time. Some, he said, fear
that the future shall forget them.
There is no danger of this. In the
passing of years with the countless
events that crowd in with them,
nothing can ever usurp the place of
the veteran soldier in the memory of
the thinking, patriotic people of the
United States. There is no art of
forgetting, and that which passes
through the consciousness is there
forever; only occasion is required to
recall it. It is with national life as
with individuals. Those who gave
to their country all that they pos-
sessed will live in the grateful hearts
of posterity. Memorial day can
never die. It is a day set apart not
to honor a great king, a famous gen-
eral or a distinguished leader. It
is a day dedicated to the great rank
and file of American soldiery. Its
perpetuity can well be entrusted to
the descendants of that sterling citi-
zenship.

TRIBUTE TO WOMAN.

Rev. J. Webster Bailey, after refer-
ence to the heroism of the soldiers
themselves, emphasized the women's
devotion in that great conflict. His
reference to Oliver P. Morton was
generously applauded as he cited the
faith of that famous war governor in
tendering Indiana troops before
President Lincoln's request had
reached him. Continuing, he said in
part:

"When I read the story of your de-
voted loyalty and your heroic brav-
ery, I can but say: What mothers,
wives and sweethearts you must have
left behind you.

"Those who influence and inspire
men to do heroic deeds may be su-
perior to them. They must, at least,
be their equals. If it was heroism to
take your life in your hand for the
preservation of the Union, it was
equally heroic on the part of woman
in the home to inspire you with such
sentiments, and to give you up to the
sacrifice. Here was heroism, and the
hardest suffering, that we must not
overlook. It was well for the boys on
the field that the rush and roar of
battle gave an outlet to the pent-up
feelings. Think of those who stayed
in the home suffering without this
means of expression, and endur-
ing the most awful nervous strain,
because no one could tell what news
the day would bring.

"No one knew better than woman
the value of the gift she resigned to
her country when she sent her loved
ones from her."

In closing the speaker referred to
the fact that some of the heroes of
the Spanish-American war were find-
ing it difficult to remain upon the
pedestals where they had been placed
by the people. He urged upon the
veterans the necessity of remaining
the true, devoted, loyal, lovable char-
acters which mothers, wives and
sweethearts had surrendered to their
country years ago, and emphasized
the influence of a pure home life up-
on the destinies of nations.

THE SILENT VICTORS.

Rev. A. S. Preston's theme, "They
Have Answered the Last Roll Call,"
concluded the addresses, and his talk
was one of the most eloquent of the
afternoon. He maintained that the
observance of Memorial day in thou-
sands of cities, towns and villages
demonstrated that republics were not
ungrateful. In part he said:

"It is a picture of gratitude that
reaches from ocean to ocean. Dimpled
hands of childhood, strong hands of
youth, trembling hands of age have
gathered the lilacs from the fields
and mountains, and are weaving
them into garlands to crown the
graves of the nation's dead." The
speaker drew an eloquent picture of
the opening scenes about Fort Sumter
and of the response from the north.
He painted vividly the horrors of
years of warfare. "We honor the
soldiers today," said he, "because
they manifested the highest type of
greatness.

"The greatness of self-sacrifice as
exhibited on the cross is the highest
type of greatness. I honor the sol-
diers today because they exhibited the
spirit of self-sacrifice. They left the
comforts of home to face death for
the country. In swamps, in rifle
ditches, in gloomy woods, in prison
pens they suffered. They charged
against deadly hailstorms of lead and
iron, over open fields, up dizzy heights,
crowned with bristling cannon, and
swept by the fierce holocaust of
death, on they rushed in their gal-
lant charges, their ranks thinning as
one after another fell dead or
wounded behind them."

In closing Rev. Preston marshaled
in one grand review the magnificent
army of patriots who fought in the
great conflict and in eloquent words
told of the gratitude of a united country
for its soldier dead.

Selections by the Emerson quartet
interspersed the program, and each
number was generously applauded.
President Medaker at the close ex-
pressed the appreciation of the vet-
erans for the interest shown in the
occasion, and Rev. D. T. Williams
pronounced the benediction.

SACRIFICE FOR OTHERS.

Members of the soldiers' organiza-
tions, together with the ladies' aux-
iliaries, attended services Sunday
morning at Berry street M. E.
church, the auditorium being com-
pletely filled to hear the memorial
sermon by the pastor, Rev. J. K.
Waltz. The orchestra and choir of
the church rendered appropriate mu-
sic.

Rev. Waltz' theme was "Sacrifice
for Others," and his text was John
xv 13: "Greater love hath no man
than this, that a man lay down his
life for his friends." In opening
Rev. Waltz expressed his apprecia-
tion of the honor in being per-
mitted to address the veterans upon
an occasion of this kind, and gave as
a reason for the services the elevation
of patriotism and allying it with
Christianity. The citizens, he said,

"It was almost a miracle. Burdock
Blood Bitters cured me of a terrible
breakout all over the body. I
am very grateful." Miss Julia El-

must naturally take more and more
part in the service, for the reason
that the veterans themselves are rap-
idly passing away. He believed the
day would never be abandoned.

Rev. Waltz referred to the law of
sacrifice as having resulted in high-
er and better life. In all ages, from
Christ down to the present, people
have been willing to make sacrifices.
The soldiers' offering was a most stu-
pendous one in numbers, and in the
ranks were the noblest and best of
American citizenship. The motive
was not mercenary, but for love of
home and of country. He referred to
the offering of Christ for humanity;
of His great battles with temptation,
in the wilderness, in Gethsemane and
on Golgotha, when He gave his life
for us. His was a life of sacrifice for
others. Concluding, Rev. Waltz
said:

"Our offering in memory of the sol-
diers is to honor them living and to
guard their graves with flowers;
they died for our country. Our offer-
ing to Christ should be to look at His
cross, His tomb and His throne and
to give our hearts to him. Our offer-
ing to each other should be to
elevate purity and patriotism, and to
scatter flowers among the living, as
well as among the dead." He recalled
some memories of the past; the assas-
sination of Lincoln, of Garfield and
of McKinley; spoke of the grand re-
view at Washington at the close of
the war, and wondered how those
same regiments, thinned by death,
would appear in review today. That
would demonstrate how rapidly the
heroic veterans have gone to their
final reward. The speaker referred
in closing to the great review and
final roll call when this life is
done, and the last of the veterans is
mustered into the endless march of
eternity beyond earth's feeling life.
The service was one of the most im-
pressive ever held in the city.

READY FOR THE CONVENTION

OHIO REPUBLICANS TO MEET IN
CLEVELAND.

Leaders Have Already Gathered for
the Event—Platform Has
Been Drafted.

Cleveland, Ohio, May 26.—Many
delegates and visitors to the republi-
can state convention, which meets
here tomorrow, have already arrived
in the city.

Senator Hanna remained at his
residence today, but will be at his
quarters in the Hollenden tonight
and hereafter. The visiting con-
gressmen spent the day at the sub-
urban residence of Congressman
Beidler. Chairman Dick and Secre-
tary Malloy were with the local com-
mittee and the candidates opened
their reception headquarters. It is
understood that a platform has been
prepared by the Ohio senators and
congressmen which has been sub-
mitted to some delegates. It is said
to endorse the national administra-
tion strongly in general terms with-
out specifications on Cuban recipi-
city and some other questions.
The Philippine policy is unequivocally
endorsed with a special expression
of confidence in Governor General
Taft.

There is no opposition to the re-
nominations of Secretary of State Lay-
lin for a second term.

Among the candidates for the other
three nominations are:

Supreme Judge W. B. Crow, Mc-
Connellsville; Joseph M. Wood,
Athens; George L. Phillips, Cleve-
land; A. W. Summers, Springfield;
W. O. Henderson, Columbus; Myron
A. Norris, Youngstown; W. S. Sav-
age, Wellington, and J. L. Burrows,
Painesville.

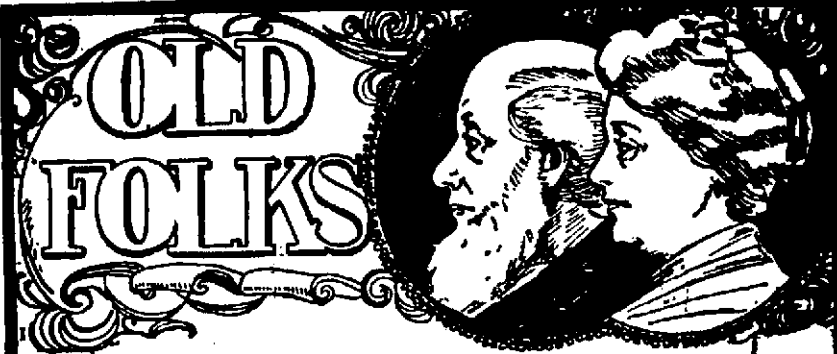

Food and Dairy Commissioner—
Andrew G. Comings, Oberlin; Fred
W. Herbst, Columbus; Horace
Auker, Xenia; Herman H. Bergher-
ger, Cincinnati; M. A. Bridge, Colum-
bus; Lynna B. Kauffman, Columbus;
Edward E. Tyler, Fremont; Edward
Bart, Cleveland.

Board of Public Works—Frank J.
McColloch, Bellefontaine; William
Kirtley, Defiance; W. J. McLean, Sid-
ney; John O'Connor, Dayton.

SIX KILLED BY A TORNADO.

Union, S. C., May 26.—Six persons
were killed and several injured by a
tornado which swept over this sec-
tion of the state at 4 o'clock yester-
day afternoon. The main storm
came from the north. It seems there
was also one from the southwest and
that both met in this vicinity. Knit-
ting mill hill, south of the town,
caught the full force of the tornado,
which blew down the school house
and two residences there, converting
them literally into kindling wood.
The occupants ran from one of the
houses before it went to pieces and
took refuge in another near by, but
this house was also crushed to splin-
ters. It took some time to get the
victims from the debris. Jonesville
reports that the storm was fearful at
that place. Pauley also reports one
killed and several injured.

Old age is not a question of years but a question of vitality. There are young people of seventy-five and old people of sixty. The difference between these young-old people and old-young people is a difference of vital force. Where does this vital force come from? How is it produced? How may it be preserved? The answer is that all physical vitality comes from food properly digested and assimilated. Food fills but does not feed unless the processes of digestion and assimilation are thoroughly performed. It is from the nutrition extracted from food that physical vitality is produced. It is quite possible to eat heartily and yet lack vitality because the nutrition in the food is not extracted. This happens when there is disease of the stomach and other organs of digestion and nutrition. Then the food is imperfectly digested and the nutritive values are largely lost. The consequence of this loss of nutrition in general is physical weakness and in old age it is the forerunner of senile decay. Strength then in youth or old age is only a question of sufficient food which is properly digested and assimilated. If vital strength is produced from food under these conditions, it is evident that this vital strength may be preserved while the stomach and its associated organs are kept in a healthy condition.

It is imperfect digestion and loss of nutrition caused by disease of the stomach and the other organs of digestion and nutrition, to which in general loss of vitality may be attributed.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition in young or old. It enables the perfect digestion and assimilation of food, from which alone the body receives its strength and by which it preserves its vitality.

"When I wrote you for advice, I was feeling very miserable with not simply one ailment but a general debility," writes Mrs. Martha Jones, of Clearmont, Surry Co., Va. "I purchased a bottle of 'Favorite Prescription' and also one of 'Golden Medical Discovery' and a bottle of 'Pelle's'. I soon began to improve and continued taking them until I was feeling so well I discontinued. That was last spring, and I continued feeling as well as could be expected of an old lady seventy-three years of age. I have so much faith in your medicine, I feel that the number of my days has been prolonged by taking it. I recommend Dr. Pierce's medicines every chance I get. I think there is no medicine equal to yours for old people. It makes their declining days easy and cheerful. I would say to the aged especially, take Dr. Pierce's medicines, they will help and cure also."

"I was a sufferer from chronic diarrhea for five years," writes Mrs. Mary M. Aaron, of Rolla, Phelps Co., Mo. "I tried different remedies which would give me relief for a short time only. My trouble would return as bad as ever. I consulted you in July, 1900, and by your advice commenced using Dr. Pierce's medicines. I took two bottles of the 'Golden Medical Discovery', three vials of the 'Pelle's', and some of the 'Extract of Sweet-Weed', as you advised. I have not had any return of my trouble since using your medicines. And now seventy-one years old, and I never had anything to relieve me so quick. I think Dr. Pierce's medicines the greatest on earth. My thanks to you for your advice and thanks to Almighty God for restoring me to health through your hands."

One of the consequences of partly digested food is the clogging of the system and corruption of the blood by the accumulation of waste material. In such a condition some outbreak of impure blood is quite liable to take place, and the lack of vital force resulting from loss of nutrition makes disease a hard thing to fight under such conditions. Dr. Pierce's Golden Medical Discovery not only cures diseases of the stomach, but it purifies and enriches the blood, eliminating from it the poisons which produce disease.

"Three years ago my husband was taken sick," writes Mrs. C. S. Towle, of San Ardo, Monterey Co., California. "He had three carbuncles. Two on back of the neck and one was in region of kidneys. It was six inches in diameter and he had the best doctor we could get. He attended him two months and then said he could do no more for him; that he had got so little vitality there was nothing to be done but that a change might do him good. The children insisted on his going away, but I said no, if he must die, he should die here in our own home, but if he could be raised from that bed of sickness I could do it with Dr. Pierce's medicines. We bought one bottle of 'Golden Medical Discovery' and a vial of Dr. Pierce's 'Pelle's'. My husband had not been able to sit up, even to have his bed made. When he had taken one bottle of the medicine he could sit up and go out of doors, and when seven had been taken he was in better health than for five years previously. He is now seventy years old, and can do a good day's work."

As a tonic for old people there is no medicine superior to "Golden Medical Discovery." It strengthens the stomach, purifies the blood, and so gives new life and new strength.

Dr. Pierce's Pleasant Pellets. The best laxative for old people.

The senior class of the high school will give a banquet in the Randall hotel on Friday evening, June 20, and invitations have been sent out to a large number of graduates to attend. It is the purpose of the seniors to form an alumni association and it is desired that any graduate of the Fort Wayne high school who has not received an invitation will communicate with Prof. Lane as soon as possible in order that proper arrangements can be made for the banquet. There are several hundred graduates, and it is desired that as many as possible attend.

Rev. M. C. Cooper has returned from Kentland, Newton county, where he was summoned as a witness for the state in the case against Dr. Frank D. Wilson, formerly a resident of Fort Wayne. Dr. Wilson was found guilty of bigamy. On November 17, 1898, at his residence in this city, Rev. Cooper performed the marriage ceremony which united Dr. Wilson and a Miss McGowan, of Columbia City. They lived in Fort Wayne for a time, then removed to Parkerton and later to other points. Two years ago it appears that the doctor left his wife, located at Fair, Newton county, and began the practice of medicine. Last fall he was married to a young lady there. Wife No. 1, who had been making her home at Huntington, heard of it, and she promptly charged her husband with bigamy. The case was tried at Kentland, Dr. Wilson setting up the defense that he was under the

KRUSE.

Ernest W. Kruse died at 8 o'clock Saturday evening at his home in Washington township, four miles north of the city, at the age of 52 years.

Mr. Kruse was engaged as a building contractor in this city for many years until eight years ago, when he removed to his farm north of the city. He was born in Germany, but had resided in Allen county since childhood, and was widely known. Surviving are the widow and seven children—Rev. E. W. Kruse, of Decatur, Mrs. Emma Coupland, of Flint, Mich., the Misses Anna and Clara Kruse, and Walter, Martin and Harold Kruse. The deceased was a lifelong member of the Reformed church.

Funeral services will be held Tuesday afternoon at 1 o'clock from this residence and at 2 from St. John's Reformed church. Rev. Schwieters and Rev. Ruhl officiating.

John Greider, of 2402 South Wayne avenue, was removed to the isolation hospital on the poor farm this morning, suffering from smallpox. The patient is in the employ of the Foster furniture company, and has been ill but a few days. The house is being thoroughly disinfected.

Building permits have been issued to Andrew Archer to build a brick store building on Superior street at a cost of \$5,000; J. E. Hall, dwelling on Ferguson street, \$1,500; Theodore Miller, house on Eliza street, \$1,500.

A VERY FAST RUN

WABASH TRAIN TRAVELS 97 MILES IN 68 MINUTES.

SEVENTY-FIVE MILES AN HOUR WAS THE SPEED RATE FOR 20 CONSECUTIVE MILES.

NEW TIME CARD NEXT SUNDAY

NICKEL PLATE PREPARING ITS SUMMER SCHEDULE.

The special train bearing a party of German Knights of Pythias and skat players from Indianapolis to Detroit, which passed through this city yesterday, made a record breaking run, when it traveled the ninety-seven miles between Montpelier, O., and Detroit in eighty-eight minutes, including stops. The train consumed 155 minutes in traveling 144 miles from this city to Detroit, but no effort towards speed was made south of Montpelier. From this city to Montpelier the train was hauled by a little engine, No. 71. At the latter place engine 611, a late pattern of the Atlantic type, hooked onto the four cars and completed the journey, running a good portion of the time at the rate of 75 miles an hour. William Tuck was at the throttle. The train was made up of two coaches, a diner and a baggage car.

YESTERDAY'S EXCURSIONS.

The railway men report a big excursion business yesterday. Incoming, the Wabash had 559, the Nickel Plate 347, the Lake Erie 260, and the Findlay 218; outgoing, the Grand Rapids took 343 to Rome City, the Wabash 156 to Toledo, and the Lake Erie took 149 to Indianapolis.

FURNITURE TRAIN.

In a day or two, possibly tomorrow, a train of twenty-two cars loaded with furniture from Grand Rapids will pass through this city. The consignment goes to Johannesburg, South Africa. The route from Cincinnati will be over the Louisville and Nashville to Pensacola, Fla., where the furniture will be transferred to an ocean freighter. The cars will bear streamers on their sides, telling the people that they were loaded with Grand Rapids furniture.

WORKING UP NEW BUSINESS.

The Wabash will hereafter be a strong competitor of other lines for New York-Fort Wayne freight business, which is a result of the building of the new road connecting this city directly with the Buffalo branch of the system. When all New York freight over the Wabash lines came west via the El River road, the company made no effort to get that destined for Fort Wayne, because of the long and circuitous route it would have to make. The new line changes the situation and the company is endeavoring to profit by the change. Joseph E. Sunderland, the Lehigh and Wabash dispatch agent from Detroit, is in the city in the interest of the new business and will remain here until it is fairly established.

BACK TO HOOSIENDOM.

Charles Jones, formerly employed at the Electric works, but for the past three years engaged in poultry and fruit growing in Idaho, has sold the latter interests and returned to this state. He has taken a position at bookkeeper with the Duncan Electrical company, Lafayette, Ind., and has already moved his family to that city. Mr. Jones' Idaho deal was quite profitable, he selling the property at a great advance over the price he paid for it.

DEPOT BURNED.

The Lake Erie and Western depot at Tipton, Ind., was destroyed by fire Saturday night. The loss on the building is about \$2,000 and the loss on baggage, freight and express matter is believed to be about \$13,000. The fire was the result of an explosion of a lantern, which had been accidentally overturned.

NEW TIME CARD SUNDAY.

Next Sunday the Nickel Plate will put its summer time card into effect. The only changes will be in trains Nos. 6 and 5, known as the "Standard" and "Express." The former, east-bound, will leave this city after that date at 2:05 o'clock in the morning.

STEINWAY PIANOS

Any person wishing to purchase a Steinway piano should go to the factory in New York City and see the pianos made there. The Steinway piano is the best made and the most durable. It is the only piano that has been made in New York City for over 100 years. Steinway & Sons, New York City.

instead of at 4:10, two hours and five minutes earlier than under the present schedule. No. 3, which now leaves the city at 2:30 a. m., will leave at 2:25 under the new schedule.

A FEW ACCIDENTS.

Otto Homyer, of the Wabash shops, had his left wrist sprained by a fall Saturday. He will be off duty a few days.

F. E. Lott, a truckman, is absent from the Pittsburgh freight house on account of an injury received Saturday.

Conductor E. A. Johnson had his right hand pinched between the drawbar heads while making a coupling at Bourbon, Ind., last Saturday. He abandoned his train and came home on No. 29 and is now under the care of Dr. Stemen, who hopes to save the wounded hand in its entirety.

O. Homyer had his left wrist sprained Saturday while at work in the Wabash shops.

Fireman A. L. Anson, of the Wabash, was overcome by the heat Saturday and had to abandon his engine at this point. He was taken to the Penn hospital.

Len Shepler, a Pennsylvania conductor, is confined to his home, 1432 Buchanan street, as the result of a fall when he attempted to alight from his train at Bourbon Saturday evening. His injuries consist of a sprained ankle and knee and some cuts and bruises. Dr. E. J. McOscar is attending Mr. Shepler.

NEW UNLOADING TRACK.

The Wabash has put in an unloading track, or a track known by the railroad men as a "team track," just east of Lafayette street, upon ground which was formerly occupied by a portion of the Olds wheel works. The track will accommodate about nine cars and it is designed more particularly for handling stone, lumber and street paving material, though other interests will use it whenever necessary. The driveway is now in course of construction and will be pushed to completion. This track has been needed for a long time and the shippers will appreciate it.

WATER STATION REPAIRED.

The damage did at the Pennsylvania water station by the storm Friday night has been in part repaired and the pumps are in operation again. The big stand pipe, which was abandoned when the present water system was introduced, has been transformed into a smoke stack, taking the place of the steel stack, which was prostrated by the storm.

A QUESTION OF VERACITY.

To the person who was not an eye witness to the ball game between the clerks of the motive power and the mechanical departments of the Pennsylvania at Centerville park last Saturday the result will ever be a matter of doubt. So conflicting are the reports that, to use the expression of a Pennsylvania employee this morning, "it is a matter of veracity." Up to the end of the sixth inning the score stood 20 to 3 in favor of the shop clerks, but from that time all was confusion. The shop clerks claim the game on a score of 40 to 3 and the motive power men claim it on a score of 9 to 0 on account of the shop clerks failing to respond when time was called after refreshments. The reader can take his choice.

A NEW BROTHERHOOD.

The car builders of the city have organized a lodge of the Brotherhood of Railway Carmen of America under the name of Summit City lodge. The start is made under very favorable auspices, there being a good number of charter members. The officers are:

Past Chief Carman, W. C. Brase. Chief Carman, Charles Balla. Vice Chief Carman, L. W. Smith. Recording Secretary, John H. Meyers. Treasurer, Charles Horstmyer. Guide, William Karsens. Warden, F. J. Thompson. Sentinel, J. Lehmann. Chaplain, H. J. Thompson. Board of Trustees, P. Williams, W. F. Reinking and G. Balla.

INDUSTRIAL NOTES.

The Nickel Plate has commenced re-lining its refrigerator cars at Bellevue.

Capt. H. M. Dahl came home Saturday to spend Sunday with his family.

Grand Rapids Conductor E. A. Smith and Yard Brakeman W. H. Fischer are sick and off duty.

H. Schopfort and W. F. Boese, car builders at the Pittsburgh shops, are off duty on account of sickness.

Fireman E. A. Parrott has transferred his services from the Findlay to the Grand Rapids and Indiana.

E. M. Young took a position at the electric works this morning and H. Seale resigned a position at that shop.

Supt. W. S. Dames, of the bridge and building department of the Wabash, was in the city today on business.

Paine's Celery Compound

Is the Never Failing Health Restorer in Springtime.

It is now an established fact that nervous prostration, insomnia, rheumatism, neuralgia, dyspepsia, and blood disease are curable, if Paine's Celery Compound is honestly and faithfully used at this season. It is well known that many of our most successful physicians are daily prescribing and recommending Paine's Celery Compound. This fact proves the superiority of the great medicine over all the regular drugs usually prescribed for the troubles mentioned above.

Paine's Celery Compound is pre-eminently adapted for correcting unhealthy nerve action; it feeds the nerve centers with elements needed to strengthen them and build up healthy tissue. It purifies the blood, taking away every trace of poison, and encourages a rapid growth of red corpuscles upon which the vigor of the entire system depends.

Weakness, tired feelings, despondency and unrest, so prevalent in the last days of spring, are banished after a week's use of Paine's Celery Compound, and full vital energy and strength take the place of lassitude and weakness.

Now is the time to strike at the root of your besetting troubles. The work of recuperation begun today will save you future weeks, perhaps months, of torture and mental agony. The immense and unprecedented demand for Paine's Celery Compound - earth's best medicine - is an indication that thousands are throwing off disease and seeking health. Past experience and the happy results given by Paine's Celery Compound, all combine to make clear your path of duty. Begin today with Paine's Celery Compound if you would establish health and vigor for the coming summer season.

Fred E. Sawyer, freight agent at Indianapolis for the Pennsylvania company, has gone to Denver, Mass., to attend the funeral of his mother. Mr. Sawyer was agent for the company at this place for several years.

Harry Burbank, accountant in the dining car department of the Pennsylvania, returned to Chicago this morning, after spending Sunday with Mrs. Burbank and daughter. The family will move to Chicago at the close of the public school term.

Hereafter nobody will be permitted to ride their bicycles on the Pennsylvania depot platform. A previous order allowed riding there only when no trains were there, but the privilege of riding was abused and it was found necessary to forbid it entirely.

The office team of the Kerr Murray works defeated the office team of the Fort Wayne Electric works in a game of base ball Saturday afternoon by a score of 8 to 7. Kerr Murray battery—Bennett and Crosby;

electric works battery—Jeffries, Durfee and Schmidt.

Robert Barr, a former employee in the Pittsburgh machine shop, and his wife were guests of Mr. and Mrs. H. T. Hogan over Sunday. Mr. Barr resides in Bluffton.

The Baltimore and Ohio will expend \$500,000 in improvements at Connelville, Pa., establishing yards to hold 3,000 cars, building a roundhouse, machine shop and blacksmith shop, coal plant, electric light plant and other accessories for a first-class terminal.

President Woodford, of the Cincinnati, Hamilton and Dayton, was successful in securing the right of way along the line of the Ohio state canal from Delphos to Cloverdale, a distance of twelve miles, and will at once build a track upon it. This will give the company a short route from Cincinnati to Fort Wayne, which was one of the objects to be obtained by the purchase of the Findlay, Fort Wayne and Western road.

John Gribben, John Englert, Charles H. DeRome and C. P. Wise, of the Pittsburgh shops, are sick and C. A. Smith, C. Schumann and Patrick Scully, of the same shop, are off duty for unknown reasons, while H. Mathewson and C. E. Romy are off duty by permission. Joseph McCabe, Philip Luley, Paul Meyers, Cornelius Cooper, Al Throckmorton, Fred Mullenbruck, H. W. Brockman, M. B. Hardendorf and James Roche, who had been off duty on account of personal injuries or sickness, reported for work this morning.

ABOUT THE CITY HALL.

The board of works met this afternoon in regular session to transact routine business, nothing of importance having been presented.

The city council will meet tomorrow in regular session and may receive the report of the committee of the whole on street car franchises, although it is not thought that the committee will be ready to submit a full report at tomorrow night's session.

The street and park forces will receive their bi-weekly pay tomorrow. The pay roll will amount to about \$1,500, the largest so far in 1902.

There have been no developments in smallpox cases reported at the city health office since last Saturday, and all the patients now under treatment are progressing favorably.

A young man named Friday was taken sick at the Blue Lake celebration Sunday, and was brought to the city in a carriage.

MAYOR ISSUES A NEW ORDER

REGARDING THROWING OF RUBBISH IN STREET.

Refers to Depositing of Grass From Lawns and Trimmings of Trees on Pavements.

Mayor Berghoff has called Superintendent Gossine's attention to the numerous complaints which he has received concerning wholesale violation of ordinances 808, 809 and 810, which relate to obstructions of any kind being placed on the streets—paved streets particularly. Persons frequently after mowing their lawns or trimming their shrubbery or trees pitch the rubbish and trimmings into the street. The first rule washes the stuff to the sewer grates, which immediately become clogged, and in a few minutes, during a heavy rain, the entire street is under water as high as the curb and over it. His instructions are explicit. He says that public notice shall be given by the officers for three or four days, and after that all violations shall be prosecuted without discrimination.

No. 808 refers more particularly to building material, which shall not extend over fifteen feet from the curb, and in no case shall the gutters be obstructed.

No. 809 refers more particularly to rubbish, chips, paper, trimmings from trees, shrubbery or refuse of any kind.

No. 810 provides for the penalty which shall be not less than \$5 and the costs of suit and removal of the objectionable matter.

F. L. Showalter, of Findlay, O., spent Sunday the guest of friends in the city.

FOR... MERRY CLOWNS.

The Comedy Element a Distinct Feature of Ringling Bros.' Great Circus.

Forty funny clowns—forty merry-makers—furnish the comedy for Ringling Brothers' World's Greatest Show, the famous big circus, that is to exhibit in Fort Wayne, Saturday, May 31. These clever pantomime comedians are not introduced simply as "fill-ins," but as an essential part of the program. From time to time during the performance they present fun-plays and laughable comedies, so nicely timed and so admirably fitted into the more startling portions of the program as to keep the audience in a constant state of intermittent wonder and merriment. It is fun—pure fun—genuine fun—the kind of fun which men, women and children enjoy, and which makes life brighter and better for its enjoyment. If there is anything these clever clowns do not perform, it is something that has not yet been invented. They run the entire gamut of human fun making. They are actors, and comedians, and musicians, and acrobats, and contortionists, and gymnasts, all in one, while the entire crowd of paraphernalia is used in their varied and mirth-provoking performances. There are the tallest of giants, and the funniest of dwarfs; giraffes, with the most wonderful rubber necks, that twist and turn in a marvelous and ridiculous way; donkeys that dance and turn somersaults; funny fat policemen, with mammoth heads and caps big enough for a hundred ordinary men; dukes and tramps, Dutchmen and Irish women, pantalons and fat boys, and any number of other laughable characters. These merry-makers are never idle, and often a half-dozen roaring comedies will be enacted at one time. The introduction of the comedy element in the performance gives that pleasing light and shade to the exhibition which has helped to give Ringling Bros.' great circus its world-wide fame. No other department of the show is neglected, however. The acrobats, aerialists, riders and other artists are all new this year, and comprise the greatest company of athletic entertainers ever organized. Among the great hits are the Nelson Family of 10 acrobats, the Dumitrescu Troupe of aerial bar experts from Russia, the Dunbar Trio of high-air performers, direct from Australia; the famous Holloway Trio of high-wire performers; the Davenport, Hobsons, Schadels, John and Michael Rooney and Albert Crandall, all noted riders; Capt. Webb's juggling seals, Prof. Wood's dog and pony circus and Pearl Souder's comedy elephants, and John O'Brien's marvelously beautiful horse spectacle. The world's greatest menagerie, with the only living giraffe and 30 big and little elephants, a thrilling Roman hippodrome and a gorgeous new freestreet parade are features of the big show that also create enthusiasm.

Mrs. Theodore Hahn, of Arcadia, Ind., is visiting her parents, Mr. and Mrs. Louis Heinrich.

LEADER OF LEADERS...

Ranney Refrigerators and Ice Chests are built on honor of best material obtainable, by experts of long experience in the largest and best equipped exclusive refrigerator factory in the West. They are scientifically constructed, having a positive circulation of dry air, which is necessary for the perfect preservation of food. They are sanitary because they have the most modern, effective and strongest cleanable features, and do not sweat; they are hygienic, as germs, microbes and obnoxious matters do not find lodgment. They are durable, and exhalations from food are quickly driven away by the current of dry air and discharged through the waste pipe. We have a complete line. Twenty are for sale at \$40.00.
